

# 1130102-03 final term singing and listening

嘉大附小音樂雙語

陳佳萍 何文琳

# Introduction

- There are two tasks we have today. The first one is singing test. The second one is listen to music and write down the song, the key and the time signature.
- Please sing with your partners. Remember sing louder. We will not use microphone today.
- Now please sing on the stage. When you hold your book, let's see your face, please.
- Be a good audience.
- Please draw three boxes on your paper. Listen and answer three questions in each box. You can write down more information about the song.

# Feedback

- Some students sing well. Some students cannot find their partners to sing together. some students sing after the class because they are shy to sing on the stage.
- The students can open music book for listening test. It's easier for them to answer these questions.
