陳佳萍 何明錦 李婉容

Introduction

- Today we are going to make a story for your forced perspective photography.
- Let's watch the video and learn how to make a story.
- https://www.youtube.com/watch?v=-_nePjWXecQ
- Now please write down your story. Four parts of the story, who/where/what/finally.
- If you are done, please take your iPad and story and record together.

Finally they got

原來的樣子 and they
are happy

A vertical strip on the left side of the slide shows several petri dishes containing agar of different colors: green, yellow, and blue.

Feedback

- The video is easy and clear for students to learn how to write a story.
- The students cannot write more “whats” in their story. It’s not easy for them.
- The students like to use iPad to do all works, that’s so special.
