

The background is a vibrant, abstract composition of glowing blue and purple elements. It features numerous overlapping, semi-transparent spheres of various sizes, some with bright highlights. Interspersed among these are delicate, wavy lines and smaller, sparkling particles that create a sense of movement and depth. The overall effect is ethereal and futuristic, with a color palette ranging from deep indigo to bright cyan.

Feedback

- The students like to stop as the statues.
- It's not easy for them to design the walking style.
- Teacher has to demonstrate more examples.
