

1131119 formation 1

嘉大附小表演藝術雙語
陳佳萍 李婉容 張瑩涓

Introduction

- Today we are going to learn Formation.
- What is formation?
- The positions are made in dancing.
- Let's watch the video and learn some formations,
- <https://www.youtube.com/watch?v=UVnZNM8OVxY>
- What did you learn in the video?
- Clumping, columns, a single line, levels.
- Now let's design two formations in your dancing.
- Remember to stop in different formations and gestures.

Song: 小瓶子

formation

Feedback

- The video is a good resource for students to learn formations. The four tips are suitable for dancing.
- We use Mojito as the dancing music because the melody is suitable for dancing.
- We find that stepping four beats and stopping four beats are better than six/two beats. Next time we will change the design.
