Introduction

- Today we are going to learn sounds.
- Let's listen to the natural sounds and guess what they are.
- Rain, fire, waterfall, wind, waves.
- You are so good.
- Now let's watch the other video and learn how to make natural sounds.
- Now it's our turn.
- We have nine cards in a group.
- Please put on your table.
- Everyone choose a card and make the sound, the others follow the songs together.
- Remember to take turn.
- If you finish the practice, please clap your hands.
- Now it's showtime.
- Please stand on the stage and show your natural sounds in a group.

Feedback

- In order to help the students make the sounds well, we also use the movements when the students make the sounds.
- Some students can do well, but some students are a little shy.
- We have to help the students to open their mind.
