

# 1130102 Pinocchio

嘉大附小表演藝術雙語

陳佳萍 何明錦 李婉容

# Introduction

- Today we are going to learn more about storytelling.
- Now let's practice body props and sound effects.
- 4 people as a giant tree, remember to show the levels. Now wave the leaves, bigger and bigger. And add the sound effects.
- 3 people as a fan, turn on the fan, slow speed, than faster and faster. Add the sound effects, please.
- Now please read the scripts. Work in your group. Make sound effects and body props when you tell the story. Chant and sing in the end, you can listen to the records on the tablet.
- Please show on the stage and be a good audience.

TRANSFORMERS  
THE MOVIE

A vertical decorative graphic on the left side of the slide. It features several overlapping petri dishes containing liquids of various colors: green, yellow, light green, and blue. The dishes are arranged in a cluster, with some partially overlapping others, creating a sense of depth and scientific or laboratory-like imagery.

# Feedback

- The story is in Chinese, students can understand the story.
- The chants and songs are in English, they are easy for students to read and sing.
- I recorded the songs and chants before the class, it's a good way for students to practice together.
- When the narrator tells the story, some students can perform well, but some cannot. Next time we will practice more about their performing.
